PORCELAIN COLLECTION FROM WORLD OF STONES

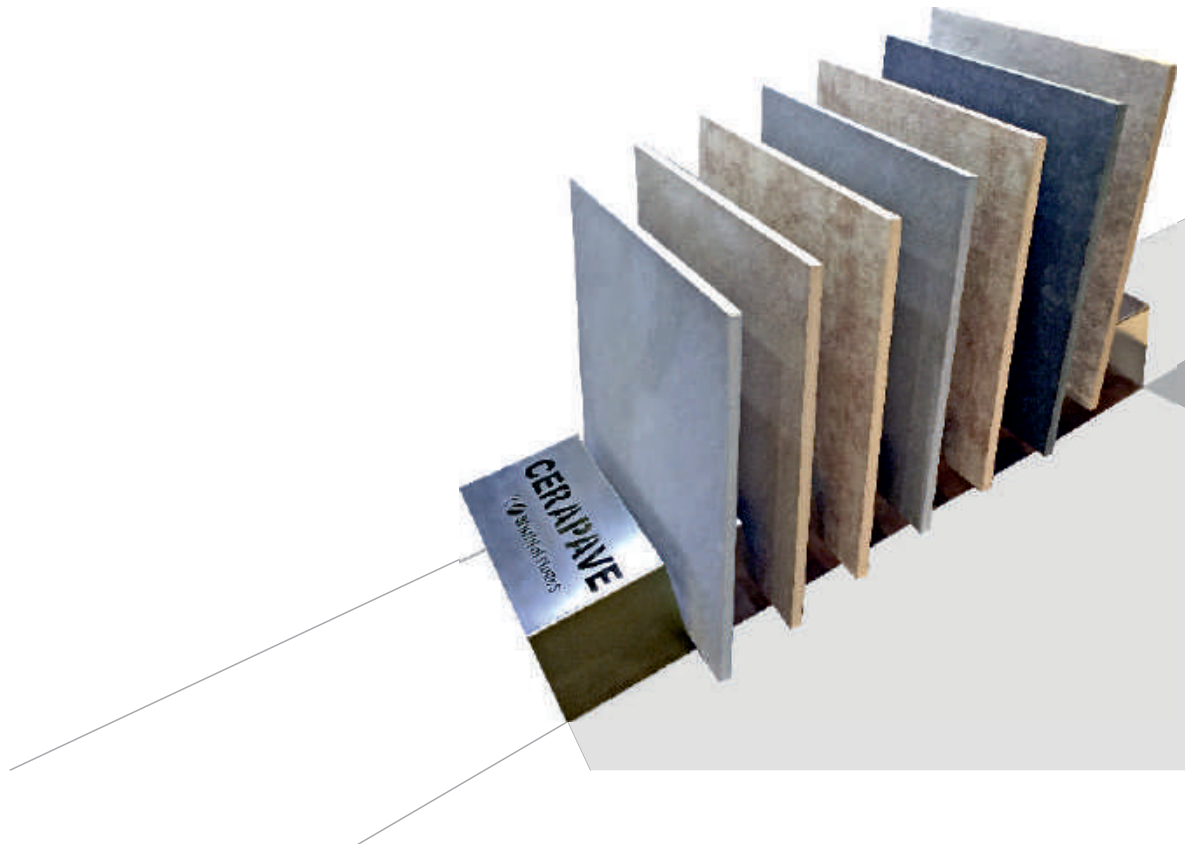

Porcelain slabs in 20mm thickness, rectified with R11 surface finish, designed for those who are looking for the perfect balance between technical performance and aesthetic appeal in outdoor spaces.

An exceptionally dense material, **CERAPAVE** porcelain paving is extraordinarily hard-wearing. Scratch resistant too, it's perfect for those high footfall paths.

Consistently accurate sizes allow **CERAPAVE** porcelain paving to be laid with thin joints that create that desirable modern appearance to your garden and the intentionally varied finishes, combined with subtle color and surface variations, further enhance its individuality.

With **CERAPAVE** porcelain paving, the outdoors is a veritable extension of indoor spaces, meaning you can create a harmonious flow from internal rooms to your outdoor patio.
